JOHN MILES PHOTOGRAPHY – PRICING 2010

I am one of the very few wedding photographers in the South West who gives you high-resolution digital images on DVD of all the photographs we take with unlimited print/reproduction rights. Every image has been expertly post-processed by myself for optimum colour balance, exposure and composition. It's your choice whether to add a top of the range Jorgensen Album or Graphistudio Storybook.

My three packages simply differ in the amount of time we spend with you. ALL packages include:

- A pre-wedding meeting to discuss your photography requirements and create your photography plan
- Two professional photographers at your wedding, myself and Nina Wickmann
- Your own personal Wedding Website with a gallery of all your photos and an online shop, online within five working days of your special day
- DVD containing high resolution digital images of all the suitable photographs we take (around 300-500) with unlimited print/reproduction rights
- A DVD Slideshow, chaptered and set to music of all your photos (with number captions)

ALBUMS & STORYBOOKS

My albums are handmade by Jorgensen Albums of Australia. Jorgensen really is the leading supplier of quality wedding albums allowing total freedom of expression, from cover styles, page options and creative layout.

My Graphistudio storybooks are bespoke designed by myself and are handmade in Italy. With a wide range of contemporary covers available from silk, leather, brushed aluminum or acrylic crystal no two albums are the same. Your photographs are printed directly onto the page and then bound into a book.

Albums ordered in advance benefit from a £100 advance order discount (£50 for the Studio range)
